OBJECTIVE

To secure a rewarding managerial position in Manufacturing and Operations where my years of experience as the Vice President of Materials and Planning will be of value to profitable operations.

EXPERIENCE

XXX Services – Waukegan, IL

2001-Present

Vice President of Materials and Planning

2006-Present

- Manage a team of 50+ employees responsible for all aspects of inventory and stockroom operations
- Oversee manufacturing and global inventory levels in excess of \$100M
- Responsible for demand planning, production planning, and scheduling
- Improved Cycle Count accuracy from 65% to 95%
- Able to reduce inventory levels and save the company over \$60M within a three year period

Director of Inventory Planning

2005-2006

- Spearheaded the effort to reduce inventory levels by 29% in the first 12 months
- Reduced raw and finished goods inventory through redeployment and effective sales techniques
- Successful planning generated an extra \$34M in free cash flow

Director of Manufacturing

2004-2005

- Supervised manufacturing facility operations and supported production
- Developed the manufacturing team with the goal of increasing production and efficiency on the floor
- Increased throughput by 25% without significant headcount or budgetary additions

Facility Manager

2001-2006

- Oversaw all plant manufacturing operations in the midst of a transition
- Established a customer service-oriented maintenance department

EDUCATION

Dominican University – River Forest, IL **2009**
Masters of Business Administration
